Cambridge Dec^br 11 1777

Sir

I send you inclosed a copy of the exchanges made between me & M^r Gen^l Gates. I take for granted all the exchanged officers will receive passports to proceed to the places where their respective Corps may be.

I am sorry to find you foresee any difficulties to the embarkation of the troops at Rhode Island, but can hardly suppose it will be the case till I find it under Gen^l Washington's hand. I shall be obliged to you, Sir, for information

of the time when my dispatch for that
ground left Boston, & your opinion of
the time when an answer may be expected.

I return you my acknowledgments
for the civil terms in which you copy
your answers to my other applications &
I am

Sir

Your most obedient
Servant
